REMARKS [REDACTED]

25X1

[REDACTED]

An exercise involving two Soviet companies was conducted in the area of Buchholz (N 54/U 23) on 18 July 1952. [REDACTED] 3 sidecar motorcycles each 25X1
occupied by 3 soldiers including 2 sidecar motorcycles mounting light machine 25X1
guns and the third sidecar motorcycle occupied by 1 officer with a map case.
The sidecar motorcycles proceeded via the village road toward the south side of
Buchholz. They were followed by 6 two-axle armored scout cars [REDACTED]

[REDACTED] Each truck was occupied by about 20
soldiers. At the southeast exit of the village, the column was fired upon by an
assumed enemy who had taken up position along the brook from the Roennebergsee as
far as the Buchholz-Sewekow road. The troops dismounted immediately, while the 25X1
vehicles drove to side roads in the village. Under cover of the houses the
troops prepared for attack and, after about 15 minutes, broke from the houses
firing intensively and making much noise. They advanced toward the enemy [REDACTED]

[REDACTED] enemy force was about as strong as the attacking unit. The enemy slowly withdrew
from both sides of the road to Sewekow. The engagement was discontinued at about
1 p.m. when the troops left in the direction of Sewekow. *
